Most Respected Sir,

With reference to the putting up of a building in the school compound of which you were pleased to speak to me more than once, I beg to inform you that the President, Mysore City Municipal Council was not kind enough to grant me a license till now and I received a Memo from him, a copy of which is enclosed for your kind reference

The Managing Trustees of the school decided the vocational subjects to be taught in the school and it is not possible to give the students training in some of the subjects, till the school building is extended by the addition of the proposed structure Further I am being put to a great loss as the building materials collected by me are deteriorating

I most humbly request you to kindly

Dear Mr Matthan,

You may remember that some time ago you were consulted about the question of granting a site known as 'Srinivas Katte' to be added on to the compound of Banumiah's High School in Mysore It was then reported that no proposal had been received for the extension of the school building, but that an application for grant-in-aid to construct a shed for holding vocational classes was expected Mr Banumiah has been pressing for the grant of ~~site for~~ him and says that he has already collected materials at site.

I am to enquire if there is any harm in granting the site and letting him ~~be~~ construct the building without reference to any application of the school authorities putting in for the grant-in-aid ~~for the school~~ I ~~should~~ shall be obliged if an early reply is sent

Yours sincerely,

Chief Secretary to Govt.

K.Matthan, Esqr., B.A.,

DEPARTMENT OF PUBLIC INSTRUCTION

GOVERNMENT OF MYSORE.

D.O. D1 39-B/2717

Bangalore,
Dated 4th April 1928 192

[illegible]
CHIEF DIRECTOR OF PUBLIC INSTRUCTION

Dear Mr. Madhava Rao,

Your D.O letter No L.6164 of the 2nd instant regarding the grant of a site known as "Srinivas Katte" for being added on to the compound of the Banumiah's High School in Mysore

In a previous letter I informed you that no proposal had been received for the extension of the school building but that an application for grant-in-aid to construct a shed for holding vocational classes was expected The application was subsequently received from Mr Banumiah The building to be put up is estimated to cost Rs 6,400/- and the admissible grant is Rs 3,200/-

I am of opinion that the site may be given to the Trustees of Banumiah's School (and not to Mr. Banumiah in his personal capacity) for being added to the school compound and subject to the condition that any building constructed thereon shall be solely used for educational purposes

In this connection I have to state that the Educational Grant-in-aid Code contemplates a grant towards the cost of the educational buildings but not for building sites If, in this case a free site (which I understand is valued at Rs.5,000/-) is given, it will have to be considered whether the grant for the building could be given in full In fact, one of the points which has to be specifically mentioned in the application for grant for school buildings is "whether the site has been granted by Government and if so under what orders and terms" Mr Banumiah in

his application has merely stated that "the site is in school compound" which is rather misleading. I therefore request early orders of Government in the matter of granting the site to the school with a view to enable me to decide whether any and if so what, grant should be recommended for constructing the pakkam building

Yours sincerely,

M Madhava Rao, Esq ,B A ,B L ,
Chief Secretary to Government,
Bangalore
